ABOUT US

Real school information, shared by parents.

OpenClass began with a simple frustration: up-to-date information on Zimbabwe's schools was almost impossible to find.

Many schools have no website, and those that do rarely keep them current, so parents relied on word of mouth for one of the biggest decisions they make. We built OpenClass as a school directory that is researched continuously and crowdsourced from parents.

Today it is one of Zimbabwe's most comprehensive education resources: school profiles with parent reviews, eMAP application help, tutors, classifieds, intakes and free guides like this one.
