ABOUT US

ZIMSEC, Cambridge, or both?

Many parents want the choice. We checked every OpenClass profile for schools that offer both curricula, and noted how each one splits them by level wherever the profile says.

OpenClass began with a simple frustration: up-to-date information on Zimbabwe's schools was almost impossible to find.

Many schools have no website, and those that do rarely keep them current, so parents relied on word of mouth for one of the biggest decisions they make. We built OpenClass as a school directory that is researched continuously and crowdsourced from parents.

Today it is one of Zimbabwe's most comprehensive education resources: school profiles with parent reviews, eMAP application help, tutors, classifieds, intakes and 30+ free eBooks like this one.

How this eBook works

65 schools offering both ZIMSEC and Cambridge: high schools first, then primary and prep schools.

Some schools let you choose a stream, some use Cambridge for certain subjects, and some switch boards between O-Level and A-Level. Each card notes how the school combines the two where its profile says. Ask the school which board your child would write at each level, and what the difference in fees is.

1. **Browse**
   Schools are listed alphabetically within each group. Each card gives you the essentials at a glance: location, church or government, fees and pass rates.

2. **Shortlist**
   Use the contents page to compare fees side by side and jump straight to any school.

3. **Go deeper**
   Tap any card to open that school's full profile on openclass.co.zw.
