About OpenClass

OpenClass was born out of the realization that finding up-to-date information on boarding schools in Zimbabwe can be a daunting task. Many schools lack websites, and those that do often fail to keep them updated, leaving parents with limited resources when it comes to choosing the best school for their children.

To address this challenge, we created OpenClass, a community-driven platform where information is crowdsourced. It allows parents to interact, share experiences, and support each other in making informed decisions.

What started as a small initiative has now grown into a vibrant and interactive community, helping countless parents navigate the complexities of selecting the right school for their children successfully.

How This eBook Works

This eBook features a comprehensive list of over 30 schools profiled on OpenClass.co.zw as of October 2024. The schools are organized in alphabetical order, making it easy to find the one you're interested in. For each school, you'll find a brief description highlighting key aspects of the institution. At the end of each description, there's a link to the full school profile on our website.

By clicking on the link, you'll be able to access the complete profile, which includes detailed information such as:

- Current pass rate
- Current fees
- Diet, meal plans, and tuck requirements
- Discipline policies
- Ongoing and completed projects at the school
- Uniform list and prices
- State of the school's infrastructure
- Reviews from other parents (with the option to add your own review based on your personal experience)
- Current contact details for more information

This format allows you to quickly browse through schools and dive deeper into those that catch your interest, making it easier to find the best fit for your child.
